O R D E R

On May 14, 1992, American Teletronics Long Distance, Inc. ("American Teletronics") filed its application with the Public Service Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate, long-distance telecommunications services as a reseller within the Commonwealth of Kentucky.

American Teletronics is an Illinois corporation proposing to resell long-distance services from carriers certified to provide telecommunications services within the Commonwealth of Kentucky. American Teletronics will be a switchless reseller neither owning nor leasing any facilities within Kentucky. American Teletronics is not seeking authority to provide operator-assisted telecommunications services.

In American Teletronics' August 7, 1992 response to the Commission's June 12, 1992 Order, it informed the Commission that money had been collected for non-certified service. This violation

was resolved in Case No. 92-334<sup>1</sup> by Commission Order dated October 2, 1992.

The application provided by American Teletronics demonstrates its financial, managerial, and technical capability. The rates proposed should be approved as the fair, just and reasonable rates to be charged.

The Commission, having considered the application, the information provided by American Teletronics, and being otherwise sufficiently advised, HEREBY ORDERS that:

1. American Teletronics be and it hereby is granted authority to provide interstate, long-distance telecommunications service as a reseller within the Commonwealth of Kentucky.

2. American Teletronics shall comply with the provisions of the Orders in Administrative Case No. 323<sup>2</sup>.

3. American Teletronics' authority to provide service in this Commonwealth is strictly limited to those services described in this Order and American Teletronics' application.

4. The rates and charges proposed by American Teletronics are hereby approved, as filed on May 14, 1992 and amended on August 7, 1992 and September 28, 1992.

5. Within 30 days from the date of this Order, American Teletronics shall file its tariff sheets without modification in
